EDUCATION

Middle East Technical University

Sep. 2022 – exp. Jun. 2027

Double Major, B.S. in Statistics (cGPA: 3.89/4) and Computer Engineering (cGPA: 2.97/4)

Ankara, Türkiye

- **Selected Coursework:** OOP with Java, C Programming, Data Structures with C++, Probability I - II, Data Proc. & Viz., Advanced Statistics, Statistical Programming, Linear Algebra, Python Programming, Computer Networking

EXPERIENCE

The Scientific and Technological Research Council of Türkiye (TÜBİTAK ULAKBİM)

Feb. 2026 – Ongoing

Candidate Researcher (Part Time)

Ankara, Türkiye

- Manage the national research network's **eduroam/RADIUS** infrastructure and monitor backbone routers for connectivity and performance issues.
- Build web applications and scripts for eduroam and YETKİM services.

Ministry of Transport and Infrastructure of Türkiye (UAB T.C.)

Jul. 2025 – Aug. 2025

Data Analyst & Controller (Summer Internship)

Ankara, Türkiye

- Performed statistical analysis and developed dashboards using Python, R. Improved reporting efficiency.

PROJECTS

metuans.com | Course Planning Platform for METU Students [Website](#)

Sep. 2025

- Designed and launched a course scheduling and academic planning platform currently used by **10,000+** students.
- Developed automated Python pipelines to retrieve, clean, and standardize course data, reducing processing time by **40%**
- Implemented semantic search using **pgvector** + **PostgreSQL** and integrated an **LLM-powered chatbot** for course exploration and academic guidance.
- Deployed backend infrastructure using **FastAPI**, **PostgreSQL**, **Docker**, **AWS/Hetzner**, and **Cloudflare**.

Analytics & Visualization Projects [Reports](#) | [Dashboard](#) | [Portfolio](#)

~ 2025

- Designed data visualizations analyzing METU elections, university preferences, and student mobility.
- Content reached **2M+ views** and **60K+ engagements** across social media platforms.
- Analyzed raw datasets and produced actionable insights using **Python**, **R**, **Tableau**, **Excel**, and **Figma**.

SKILLS / INTERESTS

Programming: Python, R, SQL, C/C++ (also completed coursework in MATLAB and Java)

Libraries/Frameworks: NumPy, pandas, matplotlib, Seaborn, scikit-learn, PyTorch, SciPy

Tools: Figma, Excel, Tableau, LaTeX, Power BI, Termius, Git/GitHub

Languages: Turkish (Native), English (Upper Intermediate)

LICENSES & CERTIFICATIONS

Machine Learning (DeepLearning.AI) [Certificate](#)

September 2024

IBM Data Science Professional Certificate [Certificate](#)

February 2024

HONORS & AWARDS

Dean's List - High Honor (5/6 Semesters)

2023 – ongoing

LEADERSHIP / EXTRACURRICULAR

Visual Media & Management

Spring 2020 – Present

Freelance

Belediye Science High School - METU

- Founded the Philosophy Club and published two student magazines during Belediye Science High School. [Portfolio](#)
- Produced promotional video and visual content for the METU Statistics Department, reaching thousands of prospective students and supporting their university preparation journey. [STAT Videos](#)
